

Education

Dhirubhai Ambani Institute of Information and Communication Technology <i>B.Tech.(Hons.) in Mathematics and Computing — CPI: 4.90</i>	2023 – Present <i>Gandhinagar, Gujarat</i>
Imperial School (GHSEB) <i>Class XII (Science, PCM) – 91.66%</i>	<i>Porbandar, Gujarat</i>
New Area School (GSEB) <i>Class X – 79.16%</i>	<i>Porbandar, Gujarat</i>

Experience

GHCL Foundation <i>Rural Development Intern</i>	Nov 2024 <i>Gir Somnath, Gujarat</i>
- Managed and pre-processed datasets for 500+ schools, ensuring 100% data integrity via systematic validation. - Utilized EDA to identify distribution patterns, optimizing logistics for rural development initiatives. - Automated reporting in Excel using Pivot Tables and Macros, reducing processing time by 25%.	

Projects

IPL Cricket Query Engine <i>SQL, PostgreSQL, ER Modeling, DBMS</i>	🔗
- Designed a normalized relational database covering IPL teams, players, matches, and season-wise statistics. - Enabled users to write custom SQL queries to retrieve player stats, match results, and team performance on demand. - Optimized queries and indexing strategy for fast retrieval across large historical match datasets.	
Smart Attendance & Course Manager <i>Next.js, React.js, Node.js, PostgreSQL</i>	🔗
- Built a web app allowing students to mark attendance and manage course enrollment in real time. - Implemented add/drop course functionality with validation to prevent scheduling conflicts. - Developed an automated notification system alerting students about low attendance and course deadlines.	
OOP-Based Banking System <i>C++, Object-Oriented Programming</i>	🔗
- Designed an object-oriented banking system simulating deposits, withdrawals, and fund transfers. - Implemented account management, transaction history, and interest calculation using core OOP principles. - Applied encapsulation and inheritance to build a modular, extensible system architecture.	

Technical Skills

Languages: Python, SQL, C++, C, HTML, CSS, JavaScript
Tools & Frameworks: Next.js, React.js, Node.js
Soft Skills: Analytical Problem Solving, High-Intensity Discipline, Detail-Oriented, Teamwork
Areas of Interest: Machine Learning, Predictive Analytics
CS Fundamentals: Data Structures & Algorithms, DBMS, OOPS, Operating Systems

Achievements & Coding Excellence

Secured All-Gujarat Rank 267 in Class XII Science stream (GSEB Board) with 99 marks in Mathematics.
